

1. PSYDUCK #54 IS YOURS

Psyduck is a duck that is 2 feet, 7 inches tall and weighs 43 lbs. While lulling its enemies with its vacant look, this wily Pokémon will use psychokinetic powers! Its attacks are scratch, tail whip, disabling and confusion.

2. HOW TO USE

One side of your Psyduck keychain is a switch. Turn it clockwise to turn it on!

Now when you pick up your Psyduck keychain and jiggle it, it will light up. The flashing lights make Psyduck appear to be life like!

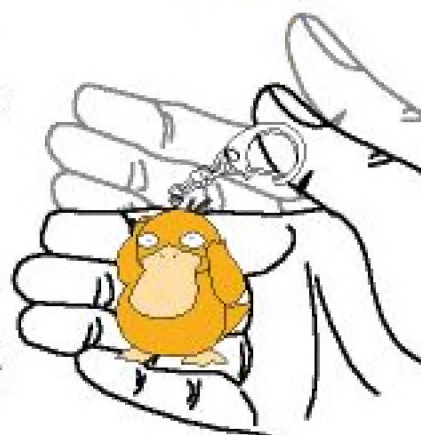

To turn off the light, just turn the switch on the bottom of the unit counterclockwise.

Your Psyduck unit comes with a powerful electric cell that will give you about 120,000 flashes of light! Now THAT's Pokémon power! This electric cell cannot be replaced.

3. CAUTION

- A non-replaceable electric cell is used in this product.
- Do not disassemble this product to prevent children from swallowing the electric cell.
- Do not allow children below the age of three to hold this product in order to prevent them from swallowing it.
- Throw away the transparent plastic material after you open the package. It is just packing material and is not part of the keychain.
- For information on this product's 90-Day Limited Warranty, please call Tiger Electronics, Ltd. at 1-800-844-3733.

Note: This product is disposable, and you cannot replace the electric cell.
